Subject: Sewage Treatment

Plant.

02/09/2003
10:18 AM

I hope you will still accept this email although it is past the cut off date. It was returned to me undeliverable and the date I opened it and realized the typo in the address was yesterday.

I am writing as a citizen of Oakville to request that you extend the period of public comment on this issue. This is a huge issue and more time is needed for busy families and citizens such as myself to read through the massive amounts of documentation on this issue.

I do want to state that although I cannot go into great detail at the present time as I have not had time to read through all of the information to date, from everything that I have had the chance to read; I feel that the idea of the Sewage Treatment Plant being dropped on the doorstep of Oakville residents and subsidized with our tax dollars is an outrage. I only wish that I had more time to get involved with this issue and rally others to do the same.

Where are your heads? You cannot possibly believe that there is even one resident of Oakville who would want this.

Kimberley A. Brasil
