Subject: Mid Halton Sewage Treatment
Expansion

Dear Oakville Councillors and our Mayor

Please work with us the residents of Glen Abbey to stop this expansion

This expansion will have negative impact on our life in Glen Abbey and in Oakville

If you do agree that this expansion will hurt Glenn Abbey and Oakville, please work with us to stop it

If you do not agree that this expansion will hurt Glenn Abbey and Oakville, please support our request for extension of Feb. 07, 2003 to convince the residents of Glen Abbey and Oakville that this expansion will improve the quality of our life
More public meetings and consultation needed
Thank you for your support
